

Chemistry: Ethics for Sustainability

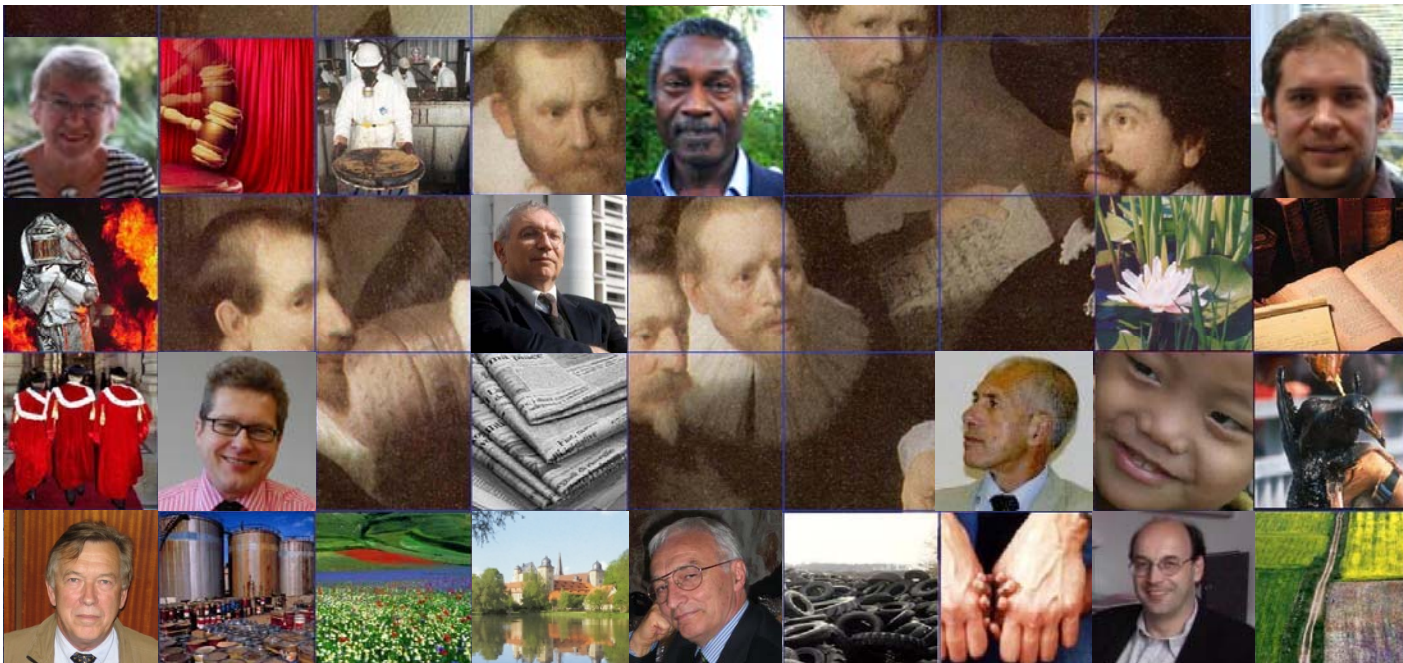

Schloss Thurnau
(<http://www.schlossthurnau.de>)

22 Juli 2011

Elitenetzwerk
Bayern

Registration: enb.macromolecularscience@uni-bayreuth.de; Phone: 0921 / 55 2980

Programme:

- 09:30 Hans-Werner Schmidt (Vice-President University of Bayreuth, Chairman Elite Study Program Macromolecular Science)
Opening remarks
- 09:45 Hartmut Frank (University of Bayreuth)
Sustainability through chemistry, a matter of formation
- 10:30 Francesco Dondi (University of Ferrara)
Ethics in chemical education: Towards the culture of responsibility
- 11:15 *Coffee Break*
- 11:45 Jan Mehlich (University of Münster)
Social and ethical implications of science and technology
- 12:15 Luigi Campanella (University of Rome)
Chemistry and bioethics: Contribution of chemists to solve bioethical problems
- 12:45 *Lunch*
- 14:00 Wolfram Koch (Executive Director of GdCh Frankfurt)
Ethics – Professional identity in chemistry
- 14:30 Patrizio Bianchi (Regional Government of Emilia Romagna, Bologna)
Can education towards ethics be realized under the present political conditions?
- 15:00 Erika Arndt (Ruth Cohn Institute Berlin/Freiburg)
Through self-awareness to responsibility: Theme-centered interaction
- 15:30 *Coffee Break*
- 16:00 **Ad-hoc contributions, group dialogue, open space, short discussions**
- 18:00 *Dinner*
- 19:30 Senouvo Zinsou (University of Bayreuth)
Readings from the novel “Le Medicament” (German and French)
Get together
